

The Owner Operator's Payroll Plan

ADDRESSING THE NEEDS OF SINGLE EMPLOYEE TRUCKING COMPANIES AND LETTING YOU FOCUS ON THE ROAD

Trucking is hard work. The long hours behind the wheel require all your focus. Payroll processing and payroll

tax filing is the last thing on your mind after 500+ miles on the road. Unfortunately, the IRS has less sympathy.

One in three small businesses pays a tax penalty to the IRS each year. The average penalty is over \$800.00!

Superior Trucking Payroll Service is here to help you. In addition to helping larger trucking companies we have developed a program for the solo driver. Our plan shares the work with you to minimize the cost. We'll provide you with the knowledge and tools to keep the IRS away and let you keep more of your hard-earned money.

With this plan you receive

- Paycheck Calculations
- IRS Form 941's
- W-2's
- IRS Form 940
- State of MI Annual Return
- MESC 1017's
- MESC 1020's
